Floor turned the meeting over to Caroline Staton, Director of Provider Relations.

Caroline explained to everyone that we are trying to organize a Provider Fair, so that case manager and consumers may come and meet the providers that participate in the fair. Caroline informed the providers that the fair would take place at the new Area office auditorium and would be before the end of the year.

Caroline asked the providers to indicate on an index card along with their organization name, address and phone number, so that we may be able to know who is interested in attending the fair. Caroline also asked the providers to indicate on another index card those that were interested in providing Outpatient Therapy Individual and Group. She also wanted to know when they would be able to provide this service(s) and to what county(s) of the four county area (Bladen, Columbus, Robeson and Scotland). Caroline then asked the providers to pick up another index card to indicate what each provider would like to learn more about during the provider meetings.
